# VOLUNTEER CONTRACT

The following is a list of requirements that volunteers must follow in order to complete a practicum with the Greenville Recreation and Parks Special Populations Office.

1. Volunteers must sign-in and sign-out in order to receive credit of hours. If the Special Populations Office cannot verify hours, then credit will not be given for those hours.
2. If a volunteer is required to plan a program by their professor, then his/she must inform the supervisor at least one week before the program is to be presented. Volunteers will not be allowed to deliver a program without letting his/her supervisor know the date of the activity.
3. The volunteers must present the evaluation forms required by the professor at least one week before it is due. This is for the benefit of the volunteers; a more precise evaluation is given when the supervisor has enough time to complete. All evaluations must be completed and signed by the supervisor.
